THE PAN PACIFIC RESORT
Pangkor, Malaysia

SPACE

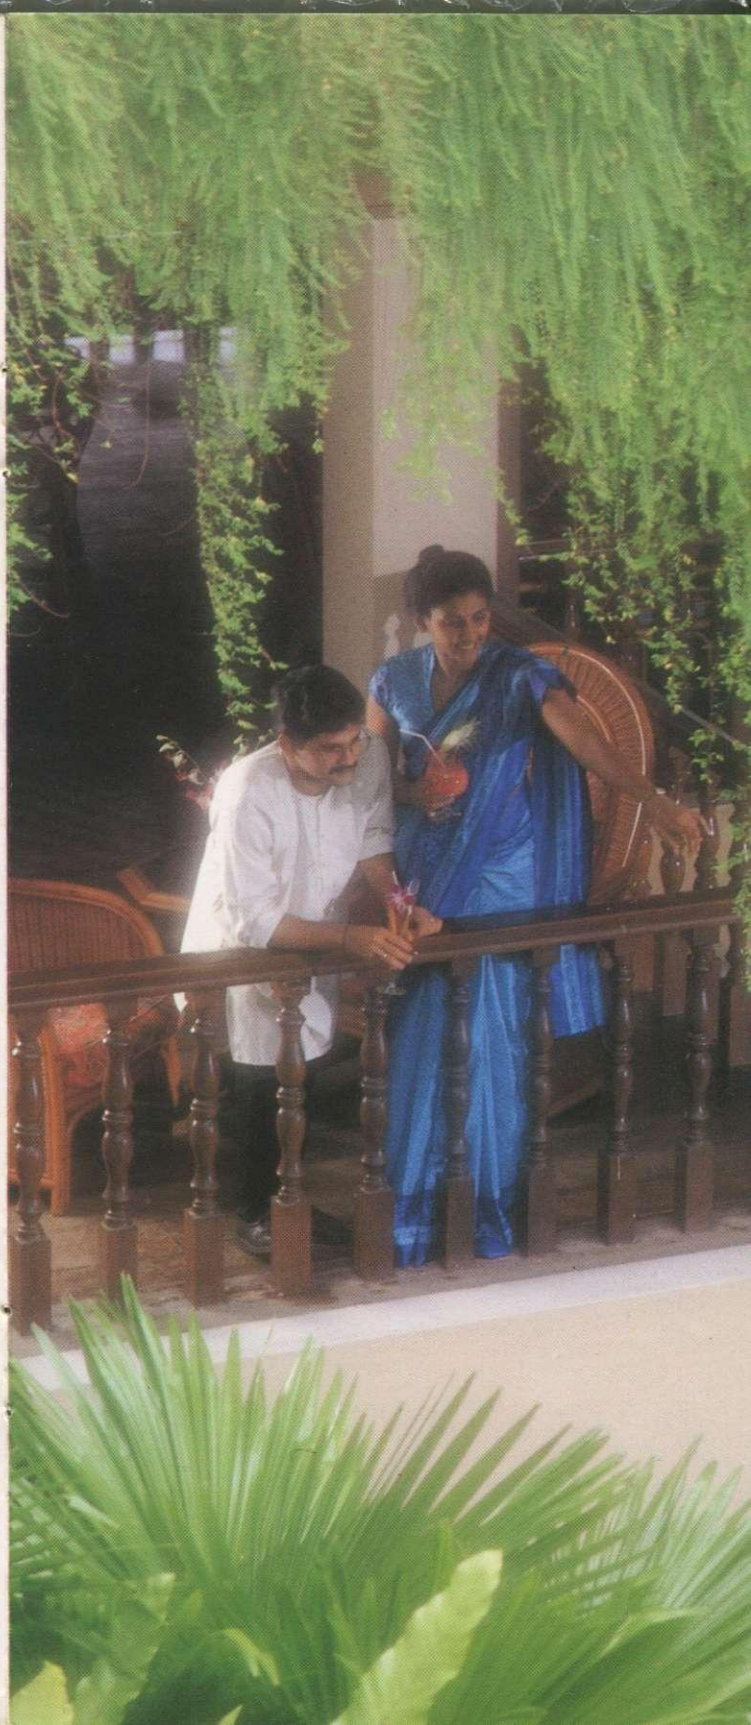

Malaysia is home to the world's oldest tropical jungle forests and The Pan Pacific Resort is ideally nestled on a kilometer long private beach in one such jungle reserve. This reserve is home to many splendid specimens of birds, the Hornbill being the most visible. The jungle and its beautiful birds add a sense of adventure to the feeling of peaceful tranquility provided by this very unique location.

The Pan Pacific Resort sits at the north end of fascinating Pangkor Island and is reached by a short ferry ride from the mainland. This delightful crossing adds excitement to the feeling of warm island hospitality awaiting you upon your arrival.

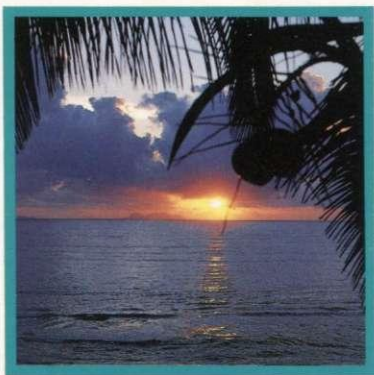

The moment you set foot on the island you know you are somewhere special.

A casual and relaxing atmosphere abounds throughout the resort, and the all day, open air Hornbill Restaurant is no exception. This is the place to be adventurous and sample authentic Malay, Chinese, Indian and Western cuisine. Evenings are especially inviting and what better way to end a perfect day in paradise, than under the stars while warm tropical breezes blow and you enjoy the sights, sounds and tastes of Asian and Western theme dinners.

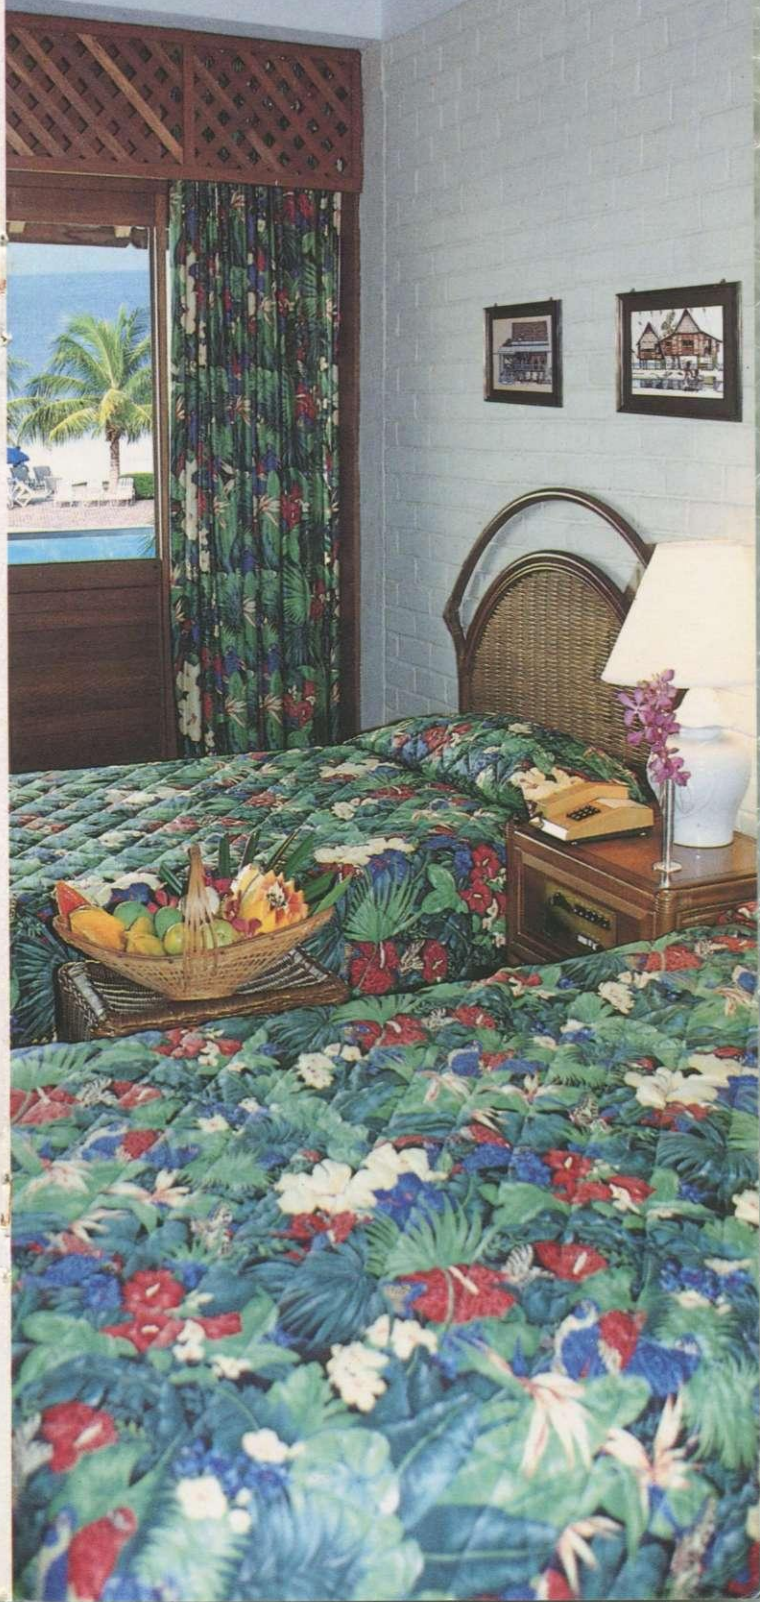

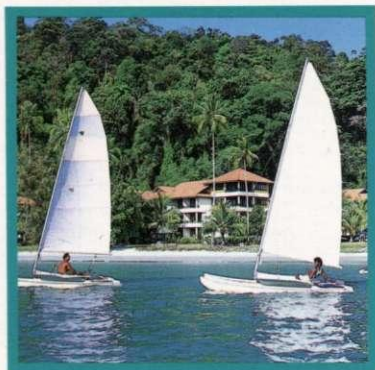

Accommodation is spacious and comfortable, be it a deluxe room, 2 storey suite, Malaysian style chalet or 2 bedroom bungalow, each with their own private balcony affording a spectacular sea or tropical garden view.

Genuine hospitality, courteous service and the smiling faces of the staff are your guarantee of our commitment to making your stay a truly enjoyable, relaxing and memorable one.

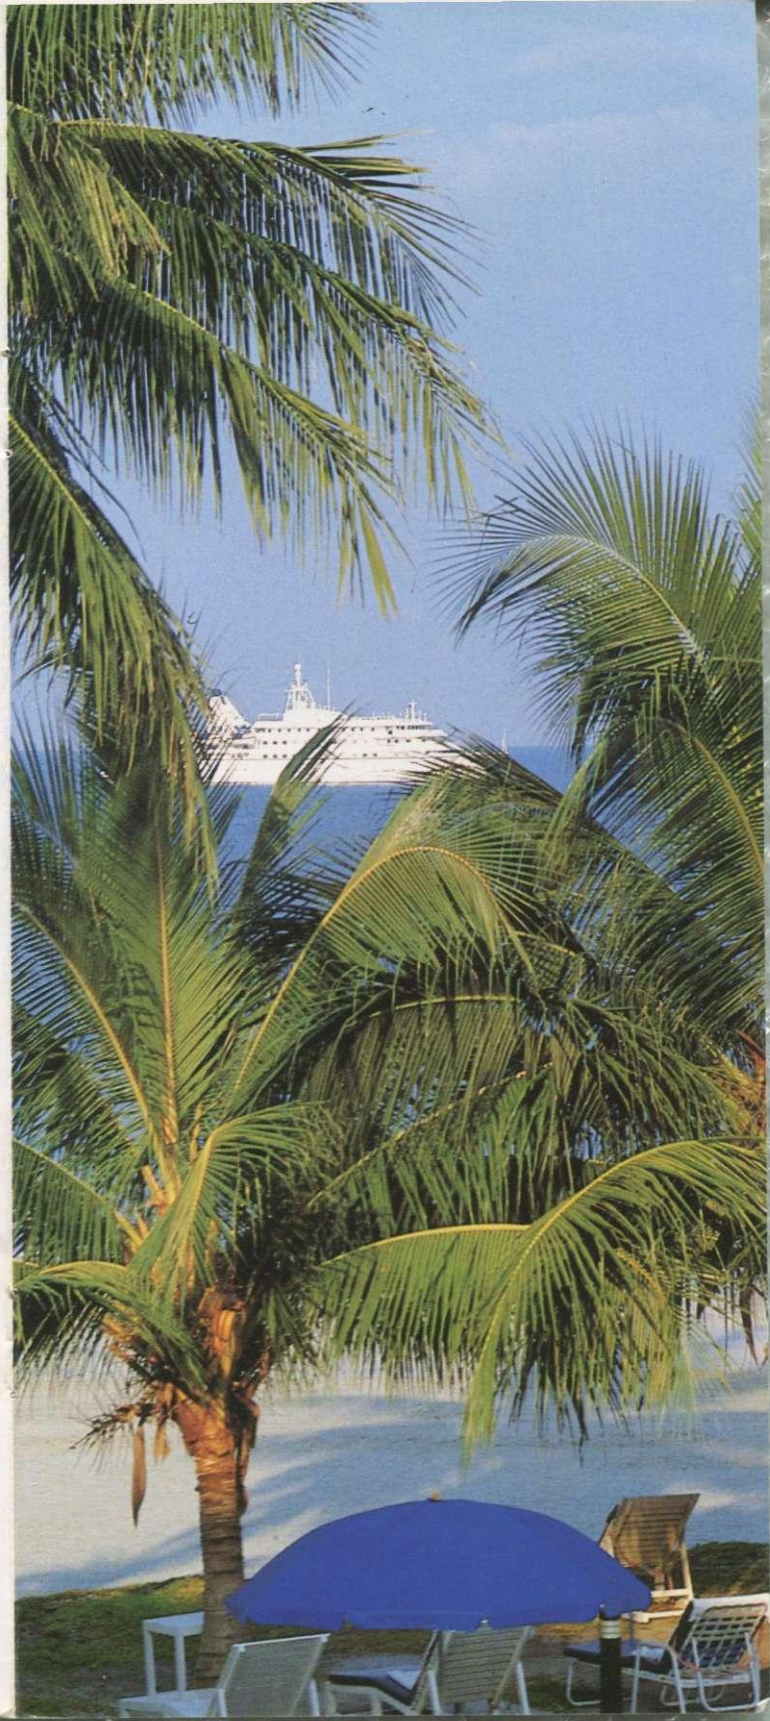

We promise you many happy memories to take home.

Our spectacular setting within the sheltered headlands of Teluk Belanga (Golden Sands Bay) offers every kind of recreational activity. The choice is yours; sailing, wind surfing, snorkeling, para sailing, water skiing, 2 tennis courts with night lights, a 9-hole golf course and more. There are bikes to hire and secluded beaches to discover or leave civilization behind and go jungle trekking. Perhaps you might simply want to relax in the shade of a palm tree with a tall cool drink and catch up on the latest novels from our in-house library.

"East is East and West is West and never the twain shall meet." We beg to differ. Here in our Merbuk Restaurant East indeed meets West by way of our innovative and delicious cuisine. This quiet and comfortable air conditioned oasis is a popular dining alternative where the freshest of ingredients are selected each morning directly from the island's fishermen and farmers.

Just think of it, a variety of freshly caught snapper, grouper, prawns and lobster; fresh earthy salads and vegetables and papaya, guava, mango and starfruit plucked from Island trees.

The food, ambience, service and friendliness of the local people are only a part of the Pan Pacific Resort Pangkor experience.

That special Malaysian hospitality, once discovered, will make you want to return again and again.
